- Cloud Migration Planning
- Cloud Storage Automation
- Cloud Platform Operations
- Workflow Automation
- Data Migration & Validation
- Data Security & Compliance
- Cut-over & Release Management
- Cloud Vendor & Cost Management
- Reporting & Dashboards
- Project Management
- Stakeholder Management
- Team Leadership
- Training & Adoption

RAJESH K M

Cloud Engineer | Cloud Migration, Storage & Automation

Cloud engineer delivering cloud migrations, cloud storage and workflow automation, and secure hosted platforms for financial services and insurance clients, with a record of improving efficiency, cost and data security. Backed by 18 years of professional experience.

18+	30	20%	15%	10%
Years of experience	Team members led	Growth in acquisition & retention	Operational efficiency gain	Lower vendor expenses

PROFILE SUMMARY

- Cloud engineer across financial services and insurance, taking cloud migration, storage and automation initiatives from planning to cut-over and support.
- Led migration of operations and customer data to **cloud platforms** while leading a **team of 30**, supporting a **20% growth** in customer acquisition and retention.
- Owned **cloud solution rollouts** for telephony, CRM and reporting, coordinating IT, vendors and users to keep service running without disruption.
- Automated storage, retrieval and reporting workflows** on cloud-hosted repositories and dashboards, cutting manual effort and lifting efficiency by **15%**.
- Keeps **data security and regulatory compliance** in place on hosted systems handling regulated financial and insurance information.
- Manages **cloud vendors and costs**: contracts negotiated to **cut expenses by 10%** while upholding service quality and security standards.

CAREER TIMELINE

Supervisor Lycatel BPO 2006 – 2009 Early career	Team Leader eNoah iSolution 2010 – 2015 Cloud-hosted repositories	Manager BankBazaar 2015 – Present Cloud migration
---	---	---

WORK EXPERIENCE

MANAGER	Dec 2015 – Present
BankBazaar	Chennai, India

Key Result Areas

- Led cross-functional teams through the **migration of operations and customer data to cloud platforms**, achieving a **20% growth** in customer acquisition and retention within three years.
- Owned **cloud solution rollouts for telephony, CRM and reporting**, boosting operational efficiency by **15%** with significant cost reductions and faster service delivery.
- Automated storage, retrieval and reporting** of customer and application data on cloud platforms, cutting manual handling and speeding up service delivery.
- Planned migrations end to end: requirement gathering, data mapping and validation, cut-over scheduling and post-go-live support, keeping a **30-member** credit card operation live throughout.
- Managed cloud vendors, negotiating contracts that **cut expenses by 10%** while upholding service quality and data security standards.
- Kept **data security and regulatory compliance** in place on hosted systems through every platform transition, working with IT, security and business stakeholders.
- Delivered **targeted training programs** so teams adopted cloud tools quickly, ensuring seamless operations and increased productivity.

TECHNICAL EXPOSURE

Cloud Platforms & Storage

Cloud-hosted repositories, cloud telephony and CRM, cloud reporting dashboards

Automation

Automated storage, retrieval, verification and reporting workflows

Migration & Cut-over

Migration planning, data mapping and validation, cut-over scheduling, post-go-live support

Security & Compliance

Data-security protocols, access control, regulatory compliance on hosted systems

Vendor & Cost Management

Cloud vendor selection, contract and licence negotiation, cost optimization

KEY STRENGTHS

- Calm, structured leader through platform transitions
- Hands-on team leadership: led a team of 30
- Security- and compliance-first mindset
- Multi-domain: banking, insurance & publishing
- Quick learner with a tech-enabled problem-solving approach
- International client delivery (USA & UK)

DOMAIN EXPERTISE

- Banking & Financial Services
- Credit Cards
- Insurance (USA Dental)
- E-Publishing (Walt Disney)

LANGUAGES

- English
- Tamil
- Telugu

WORK EXPERIENCE (CONTINUED)

TEAM LEADER		May 2010 – Sep 2015
eNoah iSolution (P) Ltd		Chennai, India

Key Result Areas

- Ran medical-information retrieval for a **USA dental insurance** client on **secure, cloud-hosted repositories**, organizing policy, certificate and renewal records for fast, accurate access and ensuring compliance.
- Implemented quality control and **data-security protocols on hosted systems**, maintaining regulatory compliance and boosting the efficiency of medical information retrieval for dental insurance claims.
- **Automated recurring storage, retrieval and verification steps** on hosted repositories to reduce manual effort and turnaround time for international clients.
- Worked with vendors and IT partners to migrate hosted platforms and resolve complex cases, **lifting client satisfaction by 20%** in line with industry regulations.
- Directed the **Walt Disney E-Publishing Project**, moving content publishing and proofreading workflows to shared online platforms for error-free output.
- Coordinated project timelines and cross-functional teams to deliver high-quality, brand-consistent content on schedule, upholding Disney's standards for precision and publishing excellence.
- Guided team members through the move to hosted tools with coaching and clear quality standards, sustaining accuracy and productivity.

EARLY CAREER · SUPERVISOR

Lycatel BPO · Nov 2006 – Jun 2009

- Led a team of 35 associates to consistently exceed KPIs for USA and UK telecom clients, supporting the shift from legacy systems to centralized, hosted telephony and web-based tools with uninterrupted service.
- Enhanced customer satisfaction scores by 15% and achieved 100% SLA compliance, with cross-functional work with IT and other departments driving a 10% increase in client retention.

CLOUD & AUTOMATION INITIATIVES

Cloud Migration of Credit Card Operations

BankBazaar · Manager

Moved operations and customer data to cloud platforms with planned cut-overs, data validation and post-go-live support.

20% growth · 15% efficiency

Cloud Storage & Reporting Automation

BankBazaar · Manager

Automated storage, retrieval and reporting on cloud platforms to cut manual handling and speed up delivery.

Faster service delivery

Cloud Telephony, CRM & Reporting Rollout

BankBazaar · Manager

Rolled out cloud solutions with IT and vendors, backed by user training for quick adoption.

10% lower expenses

Secure Cloud-Hosted Document Repositories

eNoah · USA dental insurance

Ran medical-information retrieval on secure hosted repositories with data-security and compliance protocols.

20% client satisfaction

Shared Online Publishing Platform

eNoah · Walt Disney E-Publishing Project

Moved content publishing and proofreading workflows onto shared online platforms for consistent, error-free output.

Error-free output

Security & Compliance on Hosted Systems

eNoah & BankBazaar

Applied data-security protocols and compliance checks across hosted systems handling regulated information.

Regulatory compliance
